HISTORY

Merrill, on State Hwy 64, Fed Hwy 51, and located scenically at the confluence of the Wisconsin and Prairie Rivers, is the seat of Lincoln County. This lovely community, resembling a park, was once a lumbering center, and now it produces a variety of manufactured goods.

The story of the city's history is the colorful story of the lumbering industry. From 1870 to 1900-known as the Golden Age of Lumbering-Merrill, (or Jenny, as it was earlier called) was one of the bustling centers that played such an important role in the winning of the West. Sawmills along the banks of the rivers transformed the never-ending streams of Norway and white pines into building material for which the pioneer settlers were clamoring.

The saga of the saw has been written. A memento of days gone by is a log cut from a giant pine, on exhibition on the courthouse site.

The interesting Grandfather Falls of the Wisconsin river are hearby. The many lakes and streams of this region constitute a fisherman's paradise. The Prairie river is noted as being one of the country's best trout streams.

Council Grounds State Forest, a 277 acre tract of natural beauty lies but a mile west of the city on the Wisconsin river. Picnicers and overnight campers enjoy its recreational facilities.

The "City of Parks" has in the heart of the city famed Stange Public Park, with its playgrounds, bathing beach under supervision of the city Recreation Dept, ball diamond, wading pool, site of the free public library, and here too, is the band shell, the scene of Wednesday night band concerts during the summer season. Nearby, immediately to the north, is a winter recreational site, one of the many city ice-skating rinks, and a slope for skiing and tobaggoning. In summer, the Little Leaguers enjoy the baseball facilities.

Ott's Park is the favorite location for a circus when it visits Merrill. There is no lifeguard in attendance but a dip in the Wisconsin river makes many a hot summer day more pleasurable.

Riverside Park with its spacious pavilion is located on the Wisconsin river.

A trip over County Trunk C C (Hy 107) leads northward out of Merrill along the Wisconsin river, and the motorist that takes that scenic route northward is repaid with beauty.

Merrill is the heart of the only hydro-electric development that pays the tax-payers a profit instead of costing the tax payers money. The Wisconsin river is the hardest working river in the world.

Merrill is located about 208 miles NW of Milwaukee, 196 miles east of St Paul-Minneapolis.

Merrill is proud of its past but it lives in the present while building for the future. The city was named Merrill by an act of the State Legislature in 1883, named after S S Merrill, then general manager of the R R. It was incorporated as a city in 1883. It was founded on the site of virgin forest in 1846. In 1892 when sawmill-operations reached their peak, there were 8 mills running and the total output that year was approx 150, 000, 000 feet of lumber and 86, 000, 000 shingles.

INSURANCE IS ALMOST AS PERSONAL AS DOCTORING

There are two times when I want my insurance agent nearby and neighborly—

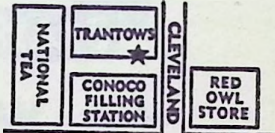

1. When I Buy My Insurance and Need Somebody Who Can Size Up My Situation and Prescribe Tailor-Made Insurance to Fit My Needs.
2. When I Have a Claim—Am in Trouble—and Need a Friend to Help Out.

PLEASE

Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY

Every Time It Is Loaned

The practice of lending your City Directory, in a great measure is responsible for the increasing cost of Directory Service.

The reason is.....

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS-BE THEY ONE - OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY - THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS - each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS - each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers - the LESSER the cost to each.

and.....

It is also obvious that the LESSER the number of subscribers - the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.....

THE PUBLISHERS

VITAL INFORMATION

AT YOUR FINGER - TIPS

Thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, source of supply, communication, etc. Also, directory usage is up among regular subscribers.

MORE PEOPLE
ARE SEEING CITY DIRECTORY ADS

PUBLISHERS NOTE

The information contained in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publisher cannot and does not guarantee the correctness of all information furnished him nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publisher earnestly requests the bringing to his attention of any inaccuracy so that it may be corrected in the next edition of the directory.

CITY DIRECTORY ADVERTISING *IS National ADVERTISING*

Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities. *Therefore your ad in the City Directory is seen by buyers from coast-to-coast.

CAN YOU AFFORD

to miss a Full Representation in the Classified part of the City Directory. It is a Buyers' and Sellers' Guide, and through its consultation.

***Thousands Of Dollars Worth Of
Goods Are Sold Annually***

CASHIERS! TELLERS! CLERKS!

**DO YOUR EMPLOYERS FURNISH YOU
WITH THE LATEST EDITION OF
THE CITY DIRECTORY**

You need it at your elbow at all times, to protect your company from forgers and bad check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved much money and helped some cities "too sharp" for bad check "operators".

THE CITY DIRECTORY

A Real
Necessity
in Every
Office

The Modern Up-to-Date Method
of Getting Accurate Information Quickly

A time Saver... A Money Maker for Every Business
Let Us Show You How

DON'T USE AN OLD DIRECTORY

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves.....

**WHY NOT AVAIL YOURSELF OF
FRESH INFORMATION FOR YOUR DAILY USE**

Use Our Library Of Out-Of-Town City Directories

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other Cities.

**This is A Part Of Our Service
To Local City Directory Users.**

VITAL INFORMATION

AT YOUR FINGER - TIPS

Thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, source of supply, communication, etc. Also, directory usage is up among regular subscribers.

**MORE PEOPLE
ARE SEEING CITY DIRECTORY ADS**

PUBLISHERS NOTE

The information contained in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publisher cannot and does not guarantee the correctness of all information furnished him nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publisher earnestly requests the bringing to his attention of any inaccuracy so that it may be corrected in the next edition of the directory.

CITY DIRECTORY ADVERTISING *IS National* **ADVERTISING**

Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities. *Therefore your ad in the City Directory is seen by buyers from coast-to-coast.

CAN YOU AFFORD

to miss a Full Representation in the Classified part of the City Directory. It is a Buyers' and Sellers' Guide, and through its consultation.

***Thousands Of Dollars Worth Of
Goods Are Sold Annually***

CASHIERS! TELLERS! CLERKS!

**DO YOUR EMPLOYERS FURNISH YOU
WITH THE LATEST EDITION OF
THE CITY DIRECTORY**

You need it at your elbow at all times, to protect your company from forgers and bad check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved much money and helped some cities "too sharp" for bad check "operators".
