## GENERAL INFORMATION

Merrill is a station on the Valley Division of the Milwaukee Road and is also served by the Greyhound Bus Lines. Its airport is municipally-owned. A bus line provides public transportation within the city limits.

The city of Merrill has many social cultural, church, fraternal, veteran and service organizations. Though its physical attractions are many and varied, its greatest asset is, perhaps, its spirit of neighborliness that brings a measure of contentment to its residents and an immediate sense of welcome to the visitor.

The seventeen churches of the city, its fine public library and the excellent public and parochial schools reflect the friendly character of Merrill's residents, whose homes border pleasant streets lined with shade trees...homes with well kept lawns and lovely gardens.

No description of Merrill would be complete without mention of the outstanding parks which have been responsible for the title "City of Parks".

Council Grounds State Forest, a 275 acre tract of surpassing natural beauty, is on the Wisconsin River, but only a mile west of the city. With its central shelter house, outdoor fireplaces, boat landing, camping sites and sanitary facilities, it is a popular picnic place for both residents and visitors.

The Stange Public Park, in the heart of the city, provides fishing for the youngsters in its tree-shaded lagoons, a bathing beach on the banks of the Prairie River, an athletic field and grandstand, playground equipment for the youngsters, a kitchenette for picnic groups, and a band shell for the outdoor concerts staged weekly during the summer by the Merrill City Band. Ski tow & ice rinks for winter sports.

Riverside Park, on the Wisconsin River, is another popular retreat. It has accommodations for picnic parties and a pavilion for dancing. This woodland area has a quiet charm though located but a stone's throw from the bridge over which busy U. S. Highway 51 enters the city from the south.

Merrill is the gateway city providing goods & services to the north central Wisconsin vacation area. Lakes and streams provide habitat for game and pan fish. The Prairie River, nationally known as a trout stream, joins with the winding Wisconsin River at Merrill.

For the sports-minded, there is a fine golf course, excellent tennis courts, an archery range, an athletic field with grandstand and lights for hardball and football, and a number of softball diamonds.

A decorative border of stylized flowers and leaves surrounds the text. The border is composed of repeating floral motifs connected by a thin vine-like line.

# I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.
